

FPGA Systems Design and Practice: Design, Synthesis, Verification, and Prototyping in Verilog HDL

With the advance of semiconductor and communication industry, the use of system-on-chip (SoC) has become an essential technique to reduce product costs. The development of a good understanding of the key stages of the hardware description language (HDL) design flow based on cell-based libraries or field-programmable gate array (FPGA) devices becomes essential. This book addresses the needs for such a topic based on Verilog HDL and FPGAs. The most important features of this book include

- Abundant examples: A lot of worked examples and abundant review questions are provided in each section for readers to test their understanding of the related topics.
- Abundant end-of-chapter problems: A lot of end-of-chapter problems are included in each chapter to provide readers more opportunities to practice what they learn from the chapter.
- Plentiful case studies: Plentiful case studies are included to help the reader grasp the essentials of practical digital systems with Verilog HDL and FPGAs.
- Highlighting Verilog HDL syntax: The Verilog HDL syntax is highlighted to aim the reader to refer the desired syntax as needed.
- Bolded keywords in Verilog HDL modules: All keywords in Verilog HDL modules throughout the book are bolded to emphasize the language structures and improve the readability of the modules

INDEPENDENT LIVING SKILLS

Lots of the topics covered in this website are part of independent living skills and you may be surprised by how much is involved in looking after yourself. You don't have to be completely on your own and if you are finding things difficult you should always have someone to turn to for help. This does not [...]

FacebookTwitterGoogle+

USEFUL DOCUMENTS

There are a number of documents that you will need to have as you live more independently. BIRTH CERTIFICATE You need your birth certificate as proof of identity and you will need it to get other documents such as a passport. Social Services may have a copy of your birth certificate that they are [...]

FacebookTwitterGoogle+

HEALTH

It is your social worker or young personal advisor's job to make sure you are registered with a doctor (also called GP) and a dentist. It is important not to leave registering with a GP until you need medical help. Keep the contact details for your doctor and out of hours contact number safe. DENTIST [...]

FacebookTwitterGoogle+

HOUSING

This is perhaps one of the biggest things you have to sort out as you leave care and this is why there is lots of help and support available for you. The options available in your area may affect your choice of when you want to leave care. Unfortunately quite a large number of care [...]

FacebookTwitterGoogle+

EDUCATION

SCHOOL You should already have a designated person in school who is there to help and support you. This could be a teacher or another person in the school. They are responsible for writing your Personal Educational Plan (PEP) and making sure everything happens. Your educational plan should help you to do the best [...]

FacebookTwitterGoogle+

SOCIAL SERVICES AND PATHWAY PLAN

While you have been looked after you will have known some people whose job it is to help and support you. All young people in care have a social worker. It is a good idea to keep their details readily available just in case you need to contact them. You may also want to note the [...]

FacebookTwitterGoogle+

RIGHTS, ENTITLEMENTS AND ADVOCACY

A right is a something that you can expect to receive. You don't have to earn it or win it. The rights and entitlements listed below are things that the government has committed to provide for you as a care leaver. This might be because there is an Act of Parliament or because they have [...]
