

Confessions from a Rebel

If only I could, through my words, electro-shock humanity back into functioning, into sensing, into living, and into loving, I would. This book is a drop of rain in the sea compared to what we, an emotionally starved world, need. Yet it is my mere simple attempt to contribute to humanity. If this book touches one person, and moves him or her for a split second, I am a satisfied man. What we need is a renaissance of love.
