

Design and Optimization of Laminated Composite Materials

Expand your design horizons with a thorough, integrated knowledge of laminate mechanics and design optimization techniques. Offering a thorough treatment of both contemporary design optimization techniques and the mechanics of composite laminates, *Design and Optimization of Laminated Composite Materials* broadens engineers' design horizons by providing them with the information they need to take full advantage of this important class of composite materials. Intended to serve as an undergraduate- to graduate-level course text or a professional reference for practicing engineers, it features a rational, integrated presentation, supplemented with case examples, practice exercises, and valuable programming tips. Important features include:

- * An integrated approach to the analysis and design of laminated composites
- * Selected optimization methods that are suited to the design of laminates with discrete thickness and orientation angles
- * Guidelines on getting the most out of numerical and graphical software applications for laminate optimization problems
- * A companion Web site containing valuable Mathematica(TM)-based programs and helpful tutorials:

INDEPENDENT LIVING SKILLS

Lots of the topics covered in this website are part of independent living skills and you may be surprised by how much is involved in looking after yourself. You don't have to be completely on your own and if you are finding things difficult you should always have someone to turn to for help. This does not [...]

USEFUL DOCUMENTS

There are a number of documents that you will need to have as you live more independently. BIRTH CERTIFICATE You need your birth certificate as proof of identity and you will need it to get other documents such as a passport. Social Services may have a copy of your birth certificate that they are [...]

HEALTH

It is your social worker or young personal advisor's job to make sure you are registered with a doctor (also called GP) and a dentist. It is important not to leave registering with a GP until you need medical help. Keep the contact details for your doctor and out of hours contact number safe. DENTIST [...]
