

Glitch!: How Predictive Text Plays Havoc with British History

One man and his predictive text take on the people, institutions and events that shaped the course of British history with some hilarious results. From the soliloquies of Shakespeare to the Royal Family, nothing escapes unscathed in this riotous romp through the history books. Glitch!s cover girl the Queer Vicar (Queen Victoria), Sir Waiter Takeaway (Sir Walter Raleigh) and Floral Nightgown (Florence Nightingale) are just some of the names and faces to receive a right royal send-up in Kellett's debut book.
