

# Visualizing Software, A Graphical Notation for Analysis, Design and Discussion

This book introduces a new graphical design representation for software, focusing on improving the readers ability to simulate the behaviour of software mentality.;Visualizing Software explains how the new notation is useful in the primary documentation of software designs as well as in discussions and design reviews. It goes on to: consider how the new notation exhibits all the important aspects of software, including executable processes, data, data flow, control flow and decisions - and all their interactions; describe software objects clearly, displaying software objects clearly, displaying their encapsulation and the data they protect; show state transition networks with a clarity beyond traditional methods; offer equal applicability at very high and very low levels of detail; provide natural places on the diagram where annotations can be added about software requirements affecting accuracy and timing; and furnishes a different icon for each important software aspect, whose interconnections capture all the significant interactions.;Visualizing Software should be valuable to software engineers, analysts, designers, programmers and managers of software projects.

## INDEPENDENT LIVING SKILLS

Lots of the topics covered in this website are part of independent living skills and you may be surprised by how much is involved in looking after yourself. You don't have to be completely on your own and if you are finding things difficult you should always have someone to turn to for help. This does not [...]

FacebookTwitterGoogle+

## USEFUL DOCUMENTS

There are a number of documents that you will need to have as you live more independently. BIRTH CERTIFICATE You need your birth certificate as proof of identity and you will need it to get other documents such as a passport. Social Services may have a copy of your birth certificate that they are [...]

FacebookTwitterGoogle+

## HEALTH

It is your social worker or young personal advisor's job to make sure you are registered with a doctor (also called GP) and a dentist. It is important not to leave registering with a GP until you need medical help. Keep the contact details for your doctor and out of hours contact number safe. DENTIST [...]

## HOUSING

This is perhaps one of the biggest things you have to sort out as you leave care and this is why there is lots of help and support available for you. The options available in your area may affect your choice of when you want to leave care. Unfortunately quite a large number of care [...]

FacebookTwitterGoogle+

## EDUCATION

SCHOOL You should already have a designated person in school who is there to help and support you. This could be a teacher or another person in the school. They are responsible for writing your Personal Educational Plan (PEP) and making sure everything happens. Your educational plan should help you to do the best [...]

FacebookTwitterGoogle+

## SOCIAL SERVICES AND PATHWAY PLAN

While you have been looked after you will have known some people whose job it is to help and support you. All young people in care have a social worker. It is a good idea to keep their details readily available just in case you need to contact them. You may also want to note the [...]

FacebookTwitterGoogle+

## RIGHTS, ENTITLEMENTS AND ADVOCACY

A right is a something that you can expect to receive. You don't have to earn it or win it. The rights and entitlements listed below are things that the government has committed to provide for you as a care leaver. This might be because there is an Act of Parliament or because they have [...]
