

Snake

In Snake, Snake is the last thing left alive. Hes all that remains of our voices. The bodies of all living animals and plants have escaped down the Dreaming Way, leaving behind a residual ego trapped inside Snake: the sole survivor the Earth must destroy to complete the cleanse and start over. All that is goneall that has been reduced by fire and ice and the other dynamic retributive forces of Earthlives on in Snake. Snake is the extracted limbic brain removed from the collective consciousness and hunted across an emptied landscape. Snake is the bad ass reptile holding back the end of time by sticking himself into the spokes of Samsara. Snake is a single narrative sequence, a frontline account of pursuit, avoidance, and even friendship, forged in the heat of struggle.
