

## Withering: A Novella

Lost, lonely, and losing his grip on reality, Elmer Winston searches for an end. As his new social worker, Dani, tries to convince him to believe in hope, Elmer remains mired in regret over a failed marriage and the devastating loss of his best friend, all while desperately struggling to defeat an illness that toys with his mind. When a raging storm awakens Elmer with a traumatic revelation, he is left with a personal battle for survival. Can he weather another storm? Or has his will to fight thoroughly withered?
