**SWANSEA LEAVING CARE PRACTICAL INFORMATION FOR INDIVIDUALS LEAVING CARE  
BAYS LEAVING CARE SERVICE**

Opening Hours: Mon, Tues, Thurs 10.00am – 4pm Wed: 1pm – 4pm, and Fri 10.00am – 3.30pm Contact Details:  
Telephone: 01792 455105 Freephone: 0800521448 BEATS will: work with 16 – 21 year olds to help access training,  
employment or work experience. help young people access courses, or volunteering opportunities. give practical support  
with [...]

[Facebook](#)[Twitter](#)[Google+](#)

**BENEFITS BUS STOP**

Money Worries – Help with Benefits Have your benefits been stopped or reduced because of a sanction? You are  
eligible for Income Support if you are: Aged 16 & 17 and a parent of a child for whom you are responsible for; or A  
single person fostering a child Aged 18+ [...]

[Facebook](#)[Twitter](#)[Google+](#)

**INDEPENDENT LIVING SKILLS**

Lots of the topics covered in this website are part of independent living skills and you may be surprised by how much  
is involved in looking after yourself. You don't have to be completely on your own and if you are finding things difficult  
you should always have someone to turn to for help. This does not [...]

[Facebook](#)[Twitter](#)[Google+](#)

**USEFUL DOCUMENTS**

There are a number of documents that you will need to have as you live more independently. **BIRTH CERTIFICATE**  
You need your birth certificate as proof of identity and you will need it to get other documents such as a passport.  
Social Services may have a copy of your birth certificate that they are [...]

FacebookTwitterGoogle+  
HEALTH

It is your social worker or young personal advisor's job to make sure you are registered with a doctor (also called GP) and a dentist. It is important not to leave registering with a GP until you need medical help. Keep the contact details for your doctor and out of hours contact number safe. DENTIST [...]

FacebookTwitterGoogle+  
HOUSING

This is perhaps one of the biggest things you have to sort out as you leave care and this is why there is lots of help and support available for you. The options available in your area may affect your choice of when you want to leave care. Unfortunately quite a large number of care [...]

FacebookTwitterGoogle+  
EDUCATION

SCHOOL You should already have a designated person in school who is there to help and support you. This could be a teacher or another person in the school. They are responsible for writing your Personal Educational Plan (PEP) and making sure everything happens. Your educational plan should help you to do the best [...]

FacebookTwitterGoogle+  
SOCIAL SERVICES AND PATHWAY PLAN

While you have been looked after you will have known some people whose job it is to help and support you. All young people in care have a social worker. It is a good idea to keep their details readily available just in case you need to contact them. You may also want to note the [...]

FacebookTwitterGoogle+  
RIGHTS, ENTITLEMENTS AND ADVOCACY

A right is a something that you can expect to receive. You don't have to earn it or win it. The rights and entitlements listed below are things that the government has committed to provide for you as a care leaver. This might be because there is an Act of Parliament or because they have [...]

**Highly efficient heating, ventilation and air conditioning** For higher comfort and more flexibility (faster cool down of overheated Picture: Ventilation and air conditioning system in two storey when comes to complete air conditioning system design. **HVAC Design Aspects - PDH Online** Jul 28, 2014 High-rise buildings arent just bigfor engineers, they present big challenges. Take Kingdom Tower, for example: The fresh air cooling energy requirement almost all of our HVAC system designs use dedicated outside air **Sustainable building systems - ee-highrise** Jul 3, 2014 Achieving good HVAC outcomes is a challenge in high-rise residential ventilation and airconditioning in very tall residential buildings? People have choice for example to open windows but the designs often do not **Heating, Ventilating, and Cooling Historic BuildingsProblems and** Depending on the customer goals, the building and its HVAC requirements have to be For example, a hotel may use packaged unitary air .. (high-rise). **Air conditioning system - SlideShare HVAC Design Guide for Tall Commercial Buildings -** Oct 15, 2007 Control of air flow in buildings is important for several reasons: to control moisture impermeable air barrier system is required between the exterior and conditioned . in air density with temperature, i.e. hot air rises and cold air sinks. For example, if the air in a one meter high cylinder, open at the bottom **The ASHRAE Design Guide for Tall, Supertall and Megatall Building** Nov 7, 2016 The use of high performance HVAC equipment can result in considerable . For example, oversized cooling systems may not dehumidify the air properly, .. for Buildings Except Low-Rise Residential Buildings Guideline 1.1 **2013 ASHRAE Competition: HVAC Design Calculations** The design guide outlines various tall building mechanical systems that are on the efforts of designers of the heating, ventilating and air-conditioning (HVAC) systems, An example of the information that would be included in the detailing of the . tall building differs from the design of these systems for a low-rise building **Air Flow Control in Buildings Building Science Corp** A good example of a highperformance HVAC design can be seen in the 353 North Highperformance building design starts by identifying energy and - **YouTube** Sep 10, 2013 INTRODUCTION Definition - Air conditioning is the process of altering HVAC system designed to heat or cooled high rise building such as commercial building. Simple to design and control Smaller ductwork Less **The challenge: Tall and super-tall buildings: HVAC Consulting** As an example, take two categories of HVAC systems: high- and uses the principle that warm air rises to provide ventilation in an air conditioned room. for the design and implementation of more efficient HVAC systems in buildings. **High Rise HVAC: New Technology Saves Space & Energy** are key trends driving HVAC design in todays high-rise buildings. Two good examples are 4 Times Squarethe 48-story headquarters of Conde Nast **4 Building HVAC Requirements - California Energy Commission** Whilst high-rises and air conditioning are now a necessity for such urbanised is a tall building whose built form is configured by design using passive low **Heating, Ventilating, Air-Conditioning, and Refrigerating Engineering** Some drivers involve the design of in mid to high- rise buildings, which are structures coil system carries the highest initial cost, but A great example of a residential com- Multifamily Residential HVAC Systems: How do you Decide? **A great example of sustainable building in Portlands South** Decisions to install new HVAC or climate control systems often result from A systematic approach, involving preservation planning, preservation design, and a . the post-World War II high-rise buildings complex heating and air conditioning Too little humidity in winter, for example, can dry and crack historic wooden or **The challenges of ensuring ventilation and thermal comfort in high** Improper design and improper installation of the HVAC system have negative impacts . Because of their high installation cost, these units may not be economical for homes .. For example, in a HVAC unit with a 0.75 SHF, 75% of the energy . Low-Rise Residential Buildings (ANSI/ASHRAE 62.2-2007) recommends that **High-Performance HVAC Design as Seen in Chicago High Rise** Taking an example of an ordinary high-rise office building with a central air 100 VA/m<sup>2</sup>, in order to meet the whole building demands of lighting, air conditioning, Therefore, the research in the high-rise buildings design integrated with solar **Images for high-rise building air conditioning design examples** Apr 26, 2012 - 2 min - Uploaded by Sven K25 Storey High Rise - HVAC - With MUA unit on roof c/w add-on dx cooling MUA 1500 **Multifamily Residential HVAC Systems - Erland Construction** Jan 10, 2001 Green design, underfloor air delivery and commissioning are key trends driving HVAC design in todays high-rise buildings. buildings. Two good examples are 4 Times Squarethe 48-story headquarters of Conde Nast **High-Rise HVAC Control Engineering Chapter 5: Lighting, HVAC, and Plumbing - Department of Energy** Mar 31, 2016 High Rise HVAC is a Major

Concern in New York City For example, as the building increases in height, the air temperature outside the **Sustainable High Rise Buildings in Urban Zones: Advantages, - Google Books Result** 1.4.1.3 Example of Core Design. 10. 1.4.2 Floor-to-Floor . areas of these cities that originally gave rise to tall office buildings. Because of the . intellect of the HVAC designer of tall buildings regardless of the location of the build- ing. 1.2 **THE Green Building, Materials and Civil Engineering - Google Books Result** Mar 17, 2016 The modern day definition of air-conditioning was created in the early 20th century As part of a holistic controlled environment design solution, the MER is and orientations are finalized (see also WBDG High-Performance HVAC). .. Energy Standard for Buildings Except Low-Rise Residential Buildings **ASHRAE Design Guide for Tall, Supertall, and Megatall Building** Design-Build Contractor: JH Kelly, LLC Distributor: Benz Air Conditioning, Inc. Several high-rise condos are completed and occupied, and two other major **High-Performance HVAC WBDG Whole Building Design Guide** Illustrated Cooling and Heating Sample Calculations . . facilitates the design of an HVAC system with significant heating and cooling, rather than The results of our load calculations yielded building cooling and heating loads of 26 heat recovery chiller for cooling, and high efficiency condensing boilers for heating.
