

## Lake Where? (Adventures of The Up Country Twit Book 2)

Taking up the story from where *The Up Country Twit* left off, the struggling family have left Cornwall behind them and have taken on the challenge of running a pub on the Isle of Wight. It is the early 90s and with no customers and an alcoholic husband the new Landlady faces numerous problems from the outset, but tries to maintain her positive outlook believing it will all turn out all right in the end. *Lake Where* introduces us to new set of interesting characters and strange situations some of which seem funny and unbelievable, but some are sadly all too real.
