

# The Anonymous Us Project: A Story-Collective on 3rd Party Reproduction

Anonymity in donor conception hides the truth but anonymity in story-telling helps reveal it. The Anonymous Us Project is a safety zone for real and honest opinions about reproductive technologies and family fragmentation. We aim to share the experiences of voluntary and involuntary participants in these technologies, while preserving the dignity and privacy for story tellers and their loved ones. The Anonymous Us Project aims to fill out the conversation on reproductive technologies. The hope is that it will inspire more truth and transparency and help share healthier families and happier people.
