

## The Bond that Binds

When several relationships within the workplace become intertwined somehow; the bonds are not really what they seem to be. Jada loves her husband, the successful Dr. Black without a doubt, but is she in love with him and his adulterous ways? Will their bond stand the test of time or will she exact revenge upon him? There is nothing worse than a woman scorned but what happens when a man is scorned? The Bond that Binds is a completed urban erotic fictional novel set at the workplace in New Jersey. It is centered around two step-sisters who are separated during their childhood. Jada, who has married a wealthy doctor who acts as if he is still single; and Deja, who shows up out of the blue. Will the sisters bond stand the test of time? Or will husband and wife? Which bond is going to be the one that binds?
