

## The Joy of Nowhere

The Joy of Nowhere is a short but intensely personal poetry anthology by Daniel Mark Brown. Better known online as The Narrowboat Lad this short work contains around twenty poems with an accompanying commentary. The intention of the paragraphs thrown into the mix is to add context and Dans thoughts on the stages of his life during his twenties. A time period that not only saw his poetry vary wildly in style and tone, but also a time that saw his life change from living in his mothers house to finding himself the owner and occupant of a narrowboat called Tilly. For the hundreds of thousands of people who have tuned in to Dans YouTube channel, this very quick read will add a little to the back story of how The Narrowboat Lad was made. For those who have never heard of Daniel Mark Brown before, then it could prove an intriguing glimpse into one young mans often overthought, over-worried transformation.
