

## God and Tzipporah

Samantha's life is falling apart. Terrible events from the past threaten her sanity and life amid the raging fire of the 9/11 wreckage. The Army Medical Corps deploys Colonel Samantha Edwards and Captain Mary Knowles, but not back to the senseless chaos of the Middle East. Right here at home, the unimaginable has happened. Terrorists have struck the heart of America. A vast, toxic pile of burning rubble dominates Mid-Manhattan. The world is forever changed and they must help pick up the pieces. Besides the heartbreak and horror of recovering and sorting victims' body parts from the debris, Sam has an unwelcome and uneasy reunion. Colonel Rachel Yamenche rises from the ashes of the past, piling on her own troubles and demands. She's an Israeli nurse who saved Sam's life a long time ago in another hellhole—the Vietnam War. Now she works for Israeli intelligence. Hate begins to consume Sam, springing from many sources—her malicious and vengeful commanding officer, Col. Chuck Karsten; rage at the despicable terrorists; disgust at her own weaknesses, real and imagined. Dreadful secrets are revealed that must now be dealt with once and for all. Despair builds in Sam until she hardly cares what happens to her, good or bad. What little faith she has submerges in an ocean of misery. How can she save Rachel, much less herself? What difference can anything she does make in her bitter world anyway? Her enemies want her dead and she is unjustly charged with attempted murder . . . Sam, Mary, and Rachel pull together and race to end the disasters that have plagued their lives since Vietnam. If they fail, all of them and countless others could die.
